PROFESSIONAL SUMMARY

Frontend Developer specializing in modern, scalable UI architecture with ReactJS and Tailwind CSS. Skilled in building interactive, responsive web interfaces, 3D web experiences with Three.js and Blender, and efficient, component-driven designs focused on performance and polished user experiences.

WORK EXPERIENCE

- Software Developer, Reltime Research Lab Pvt Ltd** 09/2024 – 07/2025
- Frontend developer for *KOGOX.COM*, *XODA.AI* (Landing page) and *FJORD.ESTATE*; built reusable React components and optimized UI performance.
 - Developed responsive React layouts and UI animations, ensuring cross-device consistency.
 - Built a component-driven admin panel from the ground up, boosting app maintainability and efficiency.
- Software Developer Intern, OneYes InfoTech Solutions** 05/2024 – 08/2024
- Delivered a production-ready, fully responsive landing page for *WOWHR.IN* within 1 week using React, Tailwind and AOS; optimized animations and interactive elements for smooth user experience.
 - Built frontend modules for multiple client projects, focusing on blog pages and dashboards using MUI.
- Frontend Developer (Freelance), Mugavari Foundations** 01/2022 – 03/2022
- Developed a responsive real estate website with React and integrated Firebase for admin content management.
 - Implemented mobile-first design with reusable UI components to enhance consistency and efficiency.

PERSONAL PROJECTS

- 3D Portfolio Website (Live – Under Optimization)** 2+ months
React (Vite), React Three Fiber, Three.js, Blender, CSS, Figma ashwoq.netlify.app
- Developed a responsive 3D portfolio with scroll-driven camera; optimized assets and reduced load from 52MB → 3.2MB using WebP, lazy loading and implemented GPU fallbacks to improve mobile performance.
 - Modeled and animated a 3D room in Blender; integrated personal branding and UI designed in Figma.
 - Configured site with Google Search Console and SEO metadata; actively optimizing mobile LCP and WebGL.
- Animated 2D Portfolio Website (Beta)** 2+ months
HTML, CSS, GSAP, Rive, Figma ashwoq2d.netlify.app
- Crafted a scroll-driven 2D portfolio with custom GSAP and Rive animations and a hand-drawn visual style.
 - Designed from scratch in Figma; desktop-first, mouse-optimized layout; improved load time from 20s to 11s.
- E-commerce Platform with Admin Panel** 3 weeks
React, Tailwind CSS, Firebase e-commerce-ashwoq.firebaseio.com
- Developed an e-commerce app with product CRUD, OTP authentication (Firebase), and Stripe checkout.
 - Managed cart state with Redux and integrated Firebase for products, users, and email notifications.
- 3D Portal Website** 2 weeks
Three.js, Blender, GSAP, HTML & CSS portal-v4.vercel.app
- Created an interactive 3D portfolio using Three.js, GSAP, GLSL shaders, and Blender models.
 - Optimized 3D rendering and animations for smooth performance on both desktop and mobile.

EDUCATION

Sri Ramachandra Faculty of Engineering and Technology Chennai, India
B.Tech in Computer Science Engineering (Cyber Security and IoT), CGPA: 8.5/10.0 2020 – 2024

TECHNICAL SKILLS

Programming Languages: HTML5, CSS, JavaScript (ES6+)
Frontend Development: ReactJS (Hooks, Router), Tailwind CSS, Material UI, Three.js, React Three Fiber, ApexCharts.js, GSAP, AOS, REST APIs
Tools & Platforms: Git, Blender, Spline, Figma, Rive, Unicorn Studio, Netlify, Vercel, Stripe
